

yunity song  
(...you only need to join)

If you want to get up, get up  
If you want to sleep in, sleep in  
Cause there's a million ways to win  
You know that there are

If you want to be mad, be mad  
If you want to be mean, be mean  
If that's the way you want to be seen  
Even after your teens

If you want to eat meat, eat meat  
And if you want to eat plants, eat plants  
Just bear in mind its consequence  
And tell your parents!

If you want to hang out, hang out  
If you want to make out, make out  
Cause even if you look like a trout  
We all are allowed  
And we should be proud  
So sing it out loud

[Refrain]

**You can do what you want,  
the opportunity's on**

**And if you find a new way,  
you can do it today!**

**You can make it all true,  
and we can make it with you!  
oh oh whoooohoo**

**It's easy... whooooho... yunity....  
whooohoo... so cheesy...  
you only need to join!**

If you want to do sports, do sports  
If you want to just chill, just chill  
Cause there's a million ways to feel  
Even in high heels

If you want to wear heels, wear heels  
If you want to go bare, go bare  
Cause there's a million styles to share  
we really don't care!

If you want to want to decide, decide  
If you want to sit still, sit still  
Cause either way, we ain't getting no bill  
we just follow our will!

**[Refrain]**

If you want to drink wine, drink wine  
if you want to drink juice, drink juice  
Cause there's so much that we produce  
and don't even use

If you want to wash it, wash it  
But if you'd rather wipe it, wipe it  
Do whatever you see fit  
We don't give a shit
